

*Paris* is an all-natural timber Venetian product that uses sustainably grown timber materials. Available in 8 beautiful on-trend colours, the *Paris* range has been carefully selected to perfectly complement today's interior décor needs. All eight colours are available in both 50mm and 63mm slat widths, plus there is an 80mm wide flat valance for modern styling. The 3mtr slat width means even the widest windows can be covered using this natural, light weight Venetian alternative.

- **3000mm Long Profiles** - Make wider blinds and cover larger windows
- **All Natural and Sustainable Light Weight Basswood Slats** - Easier to lift and operate, even for larger blind sizes
- **All 8 Colours Available in All Slat Sizes** - Complete flexibility to use Paris in all room décor settings
- **80mm Flat Valance** - Contemporary / modern appearance
- **Trapezoidal Base Rail** - Better closure of Venetian blind, less light bleed into the room
- **Matching Accessories Available** - Matching tassels, buttons, ladders and cords complement to quality appearance

63mm Trapezoidal bottom rail (3000mm)	20	60

## FABRICATION REQUIREMENTS

Recommended maximum ladder spacing is 450mm and maximum end route distance is 150mm.

## PRODUCT LIMITATIONS

While *Paris* is a high-quality product, it can have some limitations in extreme conditions. Consideration should be taken for west facing windows that receive full sun with extreme temperatures. *Paris* is rated at 75C, and temperatures more than this may cause permanent damage to the product.

## PRODUCT WARRANTY

*Paris* is provided with a five-year warranty, subject to Blindware warranty terms and conditions.

In general, the range of *Paris* product is held by Blindware in all national warehouses – located Melbourne, Sydney, Brisbane, and Perth.
